

Robe de Jersey Dress in knit fabric 15 /11/23

This dress is made of stockings!. In cotton, wool or linon. We only use the leg of the stocking.

Skirt: Take the upper of the stocking, cut a piece of 8 cm (3 ¼ inch).
Gather the side with no hem, that will be the waist

Take another piece of your stocking of 11 cm (4 ½ inch)
On both sides: give a small cut at mark O, 5 cm (2 inch) from the upperside
Split the line from the upperside to mark S to form the armholes of the sleeves

Embroid upperseamand sleeves with button hole stiches as pictured

Make the fold A-B to become the collar
Stich a button to each shoulder to close the dress

Stitch bodice and skirt together and cover the waistseam with a belt made of wool or make a belt of fabric or leather

Encollure: collar

Manches: sleeves

Pli de l' étoffe : fold of the fabric

Bas du corsage: under of the bodice
